United Way Regina believes that every child has the right to a good life, a safe place to grow up, and an opportunity to learn,—no matter where they live or what their personal circumstances are. That means succeeding in school and in life, and staying on track to graduate so that they can enter adulthood ready to take on the world.

HEALTHY PEOPLE, STRONG COMMUNITIES: Ensuring our communities are great for everyone by improving equity, connections and overall well-being. United Way understands that individuals have a strong connection to where they live—their city, their town, their neighbourhoods, their street—these are the communities that drive change, protect and support, and shape lives and livelihoods. But, we also understand the barriers to success.
